

DRAFT FOR REVIEW

MEMO

To: RTID Executive Board

From: Chairman Shawn Bunney

Re: May 12 RTID Executive Board Meeting

---

As a reminder, the RTID Executive Board is scheduled to meet this Thursday, May 12, from 8:30 – 10:30 am at the Puget Sound Regional Council's Board Room in Seattle. The meeting format will be a roundtable working session similar to our last meeting. We need to focus on organizing our work and coordinating transportation efforts within the region and the state.

Specifically, I look forward to discussing the following:

1. Working with Sound Transit regarding coordination of our efforts and the possibility of a joint ballot in November 2006.
2. Working with the PSRC to broaden the discussion within the region and build support for the regional package.
3. The process and schedule for up-dating project costs, schedules and sequencing of projects within the two ten-year stages.
4. Analyzing the possibility for boundaries that are less than full county boundaries (cost and service implications).
5. Coordination of regional decision-making with the state (Governor's Office, DOT, and legislative leaders).
6. Outreach and communication with community, business and labor leaders.
7. Discussion of what needs to be accomplished by December 2005.

I look forward to seeing you on Thursday and discussing these topics.
